

3:rock

Your vision, our expertise.

Welcome to 3:rock

With more than 25 years of experience and using our extensive in-house capabilities, we create a seamless brand, product and service experience.

To do so, our areas of competence are networked in a focused manner. This allows us to devise implementation oriented brand solutions at the cutting edge from consultation, conception through to manufacture, production and installation.

Discover

The client is our number 1 priority, we will establish what you want and how you want it and with our team of experts we will bring your idea to life.

Concept

From the moment we take your brief, we will work together to put your thoughts into reality.

Design

Our design studio contains the latest technology and 3D rendering software. We have the experience and skill to bring any idea to life.

Manufacture

We have 80,000 square feet of facilities including metal and wood technologies, which allows us to manufacture everything in-house, therefore no need for outsourcing.

Install

We have a full crew of fitters that leave our factory floors every morning, we don't use sub contractors and all our fitters are directly employed by us.

Maintain

Our process allows our clients to keep their brand current. We want to allow our clients to make changes fast. With proper care and maintenance we can keep your brand up to date.
